**Features of Steel:**
- Convoluted outer tubing
- Inner tube corrugated at bend point
- Colour coded and keyed for agent specific use
- Separate air and fluid tube
- Anti-pollution plug
- Rapid filling
- Durable
- Holder available

**Features of Nylon:**
- Flexible outer tubing
- Separate inner tubes for air and agent
- Inner sleeve reinforced by brass tubing
- Colour coded and keyed for agent specific use
- Anti-pollution plug
- Rapid filling
- Durable
- Holder available

**PRODUCT CHOICES:**

**The New Vapofil**

- Florane/Isoflurane | #EM-V0507F
- Ultane/Sevoflurane | #EM-V0507S

**Existing Vapofil**

- Florane/Isoflurane | #EM-8907-F
- Halothane/Fluothane | #EM-8907-H
- Ethrane/Enflurane | #EM-8907-E

**New Vapofil**

- Anti-Pollution Plug
- Polished Stainless Steel Block end
- Convoluted Tubing
- Heavier Mineral Filled Cap

**Existing Vapofil**

- Anti-Pollution Plug
- Nylon Block End
- Double Inner Teflon Tubes
- Nylon Cap
