**Suction Pumps**

**The Laerdal® Suction Unit**

The award-winning Laerdal Suction Unit is the ultimate in high performance. It’s rugged enough to take anywhere — in the ambulance or the hospital. Unique one-touch testing, built-in charger and 5-year warranty validate its claim to fame as the one to beat.

Raising the standard for EMS suction units, in-hospital and postcare units, the LSU features industry-first device diagnostics, a “No Tools” replaceable battery, built-in charger and an integrated vacuum regulation/power control. All this in a rugged “bump-proof/splash-proof” design that is very quiet.

**#07-78002001 LSU w/Disposable Bemis Canister**
**#07-782600 LSU Wall Bracket w/DC Power Cord**
**#07-782610 LSU Wall Bracket w/AC Power Cord**
**#07-782640 LSU Wall Bracket w/o Power Cord**
**#07-78240001 Side Pouch**
**#07-780400 Battery**
**#07-883000 Disposable Collection Canister w/Filter and Suction Tubing (pkg. 12)**
**#07-884400 — AC to DC Adapter/Charger**
**#07-884500 — Hospital Grade Line Cord (120V AC)**
**#07-884600 — Soft Pack Carry Case w/Shoulder Strap**
**#07-985001 Replacement Cartridge**
**#07-985002 — Replacement Handle**
**#07-985003 — Double Male Connector (pkg. 10)**
**#07-985004 — Short Suction Catheter (8”/18 F)**

The Laerdal Suction Unit Includes: Suction Unit, AC and DC Cords, Canister w/ Patient Tubing, Battery, Vacuum Tubing and Directions for Use.

**Easy-To-Understand Graphic User Interface**

- Device Test Button
- High Vacuum/High Flow Statement (ISO 10079)
- Vacuum Indicator
- Power On Indicator
- External Power Indicator
- Failure Mode Indicator
- Battery Status Indicator
- Vacuum Settings (0-500+ mmHg)
- Light blue (left): Tracheal
- Darker blue (right): Oropharyngeal

To learn more about all of the features and benefits of the LSU, you can view an interactive presentation at www.laerdal.com or contact LAERDAL to request a Free LSU CD.

**The Laerdal® Compact Suction Unit**

Big on suction but small in size, the Laerdal Compact Suction Unit exceeds International Standards, yet is one of the smallest battery-powered units on the market today! Its unique 2-year limited warranty and HEPA-rated bacterial filter make it a little wonder!

The Laerdal Compact Suction Unit packs a lot of value into a small machine. The versatile LCSU comes with built-in gauge and regulator for all suctioning applications.

**#07-580029 LCSU Complete w/Battery, Disposable Collection Canister, Gauge and Regulator & Soft Pack Carry Case**

Laerdal Compact Suction Unit Includes: Suction Unit, Disposable Canister, Lid, Elbow, Bacterial Filter, Connector Tube, 6ft Patient Tubing, Gauge and Regulator, Internal Battery, AC to DC Adapter/Charger, AC and DC Power Cords, Directions for Use and Soft-Pack Carry Case.

**V-VAC™ Manual Suction Unit**

Get a good grip on handling even the toughest suction scenario with Laerdal’s V-VAC Manual Suction Unit. Ideal for First Responder emergency kits and as back-up suction. One-handed operation, one-piece disposable cartridge and unique no-clog suction tip make the V-VAC the manual suction unit of choice!

**#07-985000 V-VAC Starter Kit**
**#07-985100 V-VAC Training Kit**

V-VAC Starter Kit for Patient Use Includes: Handle, 2 Replacement Cartridges, Short Suction Catheter w/Adapter Tip, Double Male Connector and Directions for Use.

**V-VAC Training Kit for Practical Use Includes:** Handle, Training Cartridge with plug for emptying and cleaning, Catheter w/Adapter Tip, Double Male Connector and Directions for Use.

**Accessories**

- #07-884600 — Soft Pack Carry Case w/Shoulder Strap
- #07-884301 — 12V DC High Capacity Rechargeable Battery
- #07-884400 — AC to DC Adapter/Charger
- #07-884500 — 12V DC Power Cord
- #07-884600 — Hospital Grade Line Cord (120V AC)
- #07-884701 — Bacteria Filter (pkg. 12)
- #07-884801 — Elbow
- #07-884905 — Connector Tube (pkg. 6)

**Consumables**

- #07-884702 — 800 ml Disposable Collection Canister (case of 48)
- #07-884701 — 800 ml Disposable Collection Canister

**Laerdal Compact Suction Unit**

- #07-884402 — Hospital Grade Line Cord (120V AC)
- #07-884500 — 12V DC Power Cord
- #07-884600 — Hospital Grade Line Cord (120V AC)

**V-VAC Starter Kit for Practical Use**

- #07-985001 Replacement Cartridge
- #07-985101 Training Cartridge
- #07-985200 — Carry Bag (yellow)
- #07-985002 — Adapter Tip (pkg. 4)

**V-VAC Training Kit for Practical Use**

- #07-985003 — Double Male Connector (pkg. 10)
- #07-985004 — Short Suction Catheter (6”/7F) (pkg. 4)
- #07-985030 — Replacement Handle

Suction Pumps

Schuco-Vac 130 Aspirator

The regulator assembly has been replaced with a bacteria filter, eliminating the cap and float assembly. This filter will prevent fluids and other contaminants from damaging the pump. This durable unit continues to meet the need for controlled vacuum regulation from 0" up to 22" Hg with a flow rate of 28 lpm.

Standard Features
- Vibration-free easy-to-read regulator gauge
- Wire basket accommodates a variety of canisters
- Quick-connect tubing for all connections
- Hydrophobic/bacteria filter eliminates pump flooding and prevents contaminant damage
- 3 filters included with every pump

Ordering Information
- #5711-S110 Aspirator, 800 cc canister (115/60)
- #5711-S1100-RPL Disposable Canister, 1200 cc, 4/case
- #5711-S0160-B-RPL Disposable Canister, 800 ml, 4/case
- #5711-S1160-B-CS Disposable Canister, 800 ml, 70/case
- #5711-S1160-B-10 Suction Tubing Kit (72" & 15" lengths)

Schuco-Vac 330 Aspirator

The regulator assembly has been replaced with a bacteria filter, eliminating the cap and float assembly. This filter will prevent fluids and other contaminants from damaging the pump. This durable unit continues to meet the need for controlled vacuum regulation from 0" up to 22" Hg with a flow rate of 28 lpm.

Standard Features
- Vibration-free easy-to-read regulator gauge
- Sturdy basket accommodates 800 cc or 1200 cc canister
- Quick-connect tubing for all connections
- Hydrophobic/bacteria filter eliminates pump flooding and prevents contaminant damage
- 3 filters included with every pump

Ordering Information
- #5711-S330 Aspirator, 800 cc canister (115/60)
- #5711-S1160-RPL Disposable Canister, 1200 cc, 4/case
- #5711-S0160-B-RPL Disposable Canister, 800 ml, 4/case
- #5711-S1160-B-CS Disposable Canister, 800 ml, 70/case
- #5711-S1160-10 Suction Tubing Kit (72" & 15" lengths)

Schuco-Vac 430 Aspirator

The regulator assembly has been replaced with a bacteria filter, eliminating the cap and float assembly. This filter will prevent fluids and other contaminants from damaging the pump. This durable unit continues to meet the need for controlled vacuum regulation from 0" up to 22" Hg with a flow rate of 28 lpm.

Standard Features
- Vibration-free easy-to-read regulator gauge
- Free-hanging basket accommodates canister
- Quick-connect tubing for all connections
- Hydrophobic/bacteria filter eliminates pump flooding and prevents contaminant damage
- 3 filters included with every pump

Ordering Information
- #5711-S430 Aspirator, 800 cc canister (115/60)
- #5711-S1160-RPL Disposable Canister, 800 ml, 5/case
- #5711-S1160-B-CS Disposable Canister, 800 ml, 70/case
- #5711-S1160-10 Suction Tubing Kit (72" & 15" lengths)

OptiVac® G180
AC/DC Portable Suction Unit

The G-180 is the second generation OptiVac® in the industry-leading Gomco line of portable suction equipment. Its compact design, ease of operation, rechargeable battery, AC power supply and fully-enclosed unit are just a few of its advanced features.

FEATURES
- Run time operation on fully-charged battery for approximately 3 hours at maximum vacuum.
- 25-550 mm Hg vacuum range, coupled with greater than 30 lpm flow, provides powerful suction for faster aspiration.
- Fully chargeable in 8 hours.
- Will run on AC power even with a low battery.
- Will run for approximately 1 hour after being charged for just 2 hours.
- Long-life rechargeable battery eliminates the need for frequent replacement.
- Sealed water-resistant unit is easy to clean and minimizes potential contamination or damage to the compressor and battery.
- Control panel at an angle for easy viewing.
- Quality-engineered thermoplastic provides impact resistance and durability.
- 3-year warranty on the unit and 1 year on the battery.

SPECIFICATIONS
- Weight: 11.4 lbs with internal power pack, 11.4 lbs without internal power pack
- Dimensions: 9.4" x 7.9" x 12.5" L
- Vacuum Range: 25-550 mm Hg
- Vacuum Flow: >30 lpm
- Battery: Rechargeable lead acid
- Battery Life: 3 hours at 550 mm Hg
- Battery Charge Time: Full charge in 8 hours
- Charging Circuit: Remote/Internal
- Battery Charge Status: Indicator lights
- Charging Mode: External
- Case Material: Clear, PVC
- Case Size: 1500 ml, stem inlet, 16/case
- Sealed Water-Resistant: Yes
- Control Panel: ON & OFF Buttons
- Collection Canister: 1500 ml, stem inlet, 48/case
- AC Operation: 110/220 Volts, 50/60 Hz
- DC Operation: 12 volt DC battery

ORDERING INFORMATION
- #18-G180 OptiVac® Portable Suction Unit w/ Gauge & Regulator, ON & OFF Buttons
- #18-L190-BAG Carrying case w/shoulder strap
- #18-32-20-08-0003 Disposable Collection Canister, 1500 ml, stem inlet, 48/case
- #18-32-20-08-0016 Disposable Collection Canister, 1500 ml, stem inlet, 16/case
- #18-01-90-3928 Hydrophobic Bacteria Filter, 14" x 14" barb, 3 filtering stages
- #5711-61601 Hydrophobic Bacteria Filter, 14" x 14" barb, 3 filtering stages

Tubing can be cut to desired length and attached to disposable hydrophobic/bacteria filter.
Suction Pumps

GOMCO

Aspirators/Portable

Model 300 - This lightweight, diaphragm pump unit is designed for general suction use. Its powerful 1/8 horsepower motor creates up to 22" Hg of vacuum. Unit includes a gauge and suction regulating valve and is compact for easy storage. A diaphragm compressor with a flow rate of 30 lpm. Shipping weight is 23 lbs.

W/Glass
#18-01-22-0300

W/DCU (Disposable Collection Unit)
#18-01-22-3001 300 Pump, 600 ml bottle or 1100 ml DCU, 115/60

Model 405 - This model is designed for general suction use, from emergency room to recovery room, or for out-patient or dental clinic use. This suction system includes a gauge and suction regulating valve that will create up to 25" Hg Vacuum. A 1/10 hp motor with a carbon rotary vane compressor, with a flow rate of 30 lpm. Shipping weight is 14.5 lbs.

W/Glass
#18-01-12-0405

W/DCU (Disposable Collection Unit)
#18-01-12-4005 400 Pump, 600 ml bottle or 1100 ml DCU, 115/50-60

Model 1180/1181 - These versatile aspirators offer a vacuum range of 0-20 inches Hg, visible on an easy-to-read gauge calibrated in millimeters and inches of Hg. Shipping Weight is 13 lbs.

W/Glass
#18-01-22-1180

W/DCU (Disposable Collection Unit)
#18-01-22-1181 1180/1181 Portable Aspirator 600 ml bottle or 1100 ml, 115/60

Model 270/2701 - The Gomco Model 270 is designed for gastrointestinal drainage in the home, nursing homes, clinics or hospitals. There are no moving parts, resulting in a quieter, more reliable operation. The drainage unit includes two pre-set drainage levels 90 mmHg and 120 mmHg. Shipping Weight is 15 lbs.

W/Glass
#18-01-22-0270

W/DCU (Disposable Collection Unit)
#18-01-22-2701 270 Portable Gastric Pump, 115/60

Model 280/2801 - The Gomco Model 280 Aspirator is designed for general suction use in the home, hospitals or clinics. The heart of the Model 280 is Gomco's diaphragm pump, designed to provide low maintenance and long-lasting quiet performance. The pump is designed for greater dependability, requires no oiling and is completely enclosed for maximum protection. Shipping Weight is 18 lbs.

#18-01-10-0814 Stand for Portable Pumps. 34 x 16 x 20 inches. Shipping Weight 36 lbs.
Drainage Pumps/Stand Mounted

Model 6000 - This thermotic pump is engineered to provide suction by alternating the expansion and contraction of air within a cylinder at regular intervals. This unit is designed for such specialized uses as gastric lavage, abdominal decompression, duodenal and fistual drainage and drainage following prostatectomy. Vacuum setting is 90 mm and 120 mmHg, flow rate is .3 lpm (high). Shipping Weight is 58 lbs.

W/DCU (Disposable Collection Unit)
#18-01-32-6002  6000 Gastric Pump, 2800 ml bottle or 2100 ml DCU, 115/60

Model 6010 - This thermotic pump is engineered to provide suction by alternating the expansion and contraction of air within a cylinder at regular intervals. This unit is similar to the Model 6000 but it includes a flushing device to help keep clean and clear the drainage tube. Vacuum setting is 90 mm and 120 mmHg, flow rate is .3 lpm (high). Shipping Weight is 62 lbs.

W/DCU (Disposable Collection Unit)
#18-01-32-6011  6010 Gastric Pump, 2800 ml bottle or 2100 ml DCU, 115/60

Model 6020 - This unit is designed as a special aid to the chest surgeon for post-operative care. The manometer is designed to give a visual indication of function and to provide regulation of suction from 0-25 cm of water while operating for extended periods of time. Flow rate is 2.3 lpm (minimum). Shipping Weight is 65 lbs.

W/DCU (Disposable Collection Unit)
6020 Thoracic Pump, 2800 ml bottle, 115/60

Model 6050 - This unit is designed as a special aid to the chest surgeon for post-operative care. The model 6050 will provide suction (drainage) from 0-50 cm of water for rapid removal of fluids and gas from the pleural cavity. The pump offers high flow rates of 110 lpm (minimum), and dual 2800 ml glass collection system with two calibrated water seal tubes and two drainage tubes. Shipping Weight is 63 lbs.

W/DCU (Disposable Collection Unit)
6050 Thoracic Pump, two 2800 ml bottles, 115/60

Model 3060 - The Gomco Model 3060 aspirator is a diaphragm pump with 1/8 hp motor. A dual flow selector switch with two 2800 ml bottles with filter. Vacuum range is 22° Hg with a flow rate of 30 lpm. Shipping Weight is 75 lbs.

W/DCU (Disposable Collection Unit)
3060 Stand Mounted Aspirator, two 2800 ml bottles, 115/60
**Suction Pumps**

**GOMCO**

**Aspirators/Stand Mounted**

**Model 3020** - This lightweight, diaphragm pump unit is designed for general suction use. Its powerful 1/8 hp motor creates up to 22” Hg vacuum. Unit includes gauge and suction regulating valve. A diaphragm compressor with a flow rate of 30 lpm. Shipping Weight is 69 lbs.

W/Glass
